SAY HELLO TO ROATAN, HONDURAS

Roatán, located between the islands of Útila and Guanaja, is the largest of Honduras' Bay Islands. The island was formerly known as Ruatan and Rattan. It is approximately 77 kilometers long and less than 8 kilometers across at its widest point.

TIP OF THE DAY: Please set your clocks forward one hour before retiring this (Thursday) evening.

TAKE HOME A STORY

You've got the freedom to create your very own story on an exciting shore excursion. Soak up as much adventure as you like at your leisure.

ROATAN, HONDURAS: FUN FACT

In 1990 Roatan was a sleepy little island that attracted divers and snorkelers. About 15,000 people lived permanently on the island. The primary language was English. There were no paved roads, the island electric company was getting started and telephones were a novelty. Today the world and the island have discovered each other.
